---

## Mechatronics ■ Programmer ■ Cisco CCNA

---

A Mechatronics Engineer student and self-taught Freelancer Programmer, experienced in developing and shipping Administrative Software, passionate with writing elegant code.

---

### Computer Skills

---

Languages: Python, JavaScript, Shell, SQL, HTML, CSS.  
Operating Systems: GNU/Linux, Windows  
Server Software: Lighttpd, MySQL, PostgreSQL, Flask, Django.

---

### Personal Information

---

**Complete Name:** Wolfgang Alfredo Torres González

**Cellphone:** (+58) 0414-6221349 **Email:** [contact@wolfgang.com.ve](mailto:contact@wolfgang.com.ve) **Birth Date:** May 25, 1995

**Address:** Av, 61 #84-180 Cjto. Res. Colonia San Andrés Apto. 2A-3 Urb. Cumbres de Maracaibo, Maracaibo, Edo. Zulia, Venezuela

---

### Experience

---

**Asociación Cooperativa Técnicos & Asesores, R.S.** (J-40056441-7, +58-0261-7835705)

**Administrative Software Developer, 2014 - 2015**

Author of the SCET, a nice looking tool to administer the workings of any kind of workshop, it can control incoming products for repair and maintenance, which technicians work on them, with tools and resources are used and where they are stored, developed in Python3 and MySQL.

- Conceptualization, design, development and implementation of a business software solution.
- Database design allows to change the kind of data stored without changing the structure itself while still being performed fast.
- Intuitive, easy to use interface accelerates work flow and eliminates employees learning curves.

**Centro Medico CARD-IN C.A** (J-31384123-4, +58-0251-7712073)

**Medical Software Developer, 2013 - 2014**

Developed SAHM, A minimalist and simple to use system for the creation and administration of medical records, developed in Python3 and MySQL. It allows medical staff without familiarity with computers to easily read and store the medical information of their patients and print their indications.

- The software created a standardized work flow within medical personnel that allowed a rise in work efficiency.
- The migration to a software solution caused a great reduction of paper and space expenses

## Education & Credentials

---

U.E. COLEGIO NUESTRA SEÑORA DE CHIQUINQUIRÁ - 2012

**High School Diploma / Science Specialization**

UNIVERSIDAD NACIONAL EXPERIMENTAL POLITÉCNICA "ANTONIO JOSÉ DE SUCRE" - CURRENT

**Mechatronics Engineer**

### Certifications

- Cisco Certified Network Associate (CCNA) – January 28, 2013,  
Verifiable at <http://www.ciscocertificates.com/verify.cfm> with code 413038649887BPWI
- Microsoft Technology Associate (MTA) – November 26, 2016,  
Verifiable at [verify.certipoint.com](http://verify.certipoint.com) with code njj7-XVNa

### Other Relevant Certifications and Accomplishments:

- Participation on the V and VI National Robotics Competition, UNETBOTS 2015 y USBOTS 2016
- ActionScript 3 Game Development (<http://www.newgrounds.com/portal/view/664563>)
- Applied Robotics Seminar
- MySQL Databases Specialization
- CISCO CCNP Route course
- CISCO CCNP Switch course
- CISCO CCNA Security course

### Languages:

- Spanish: Mother tongue.
- English: Fluent, i have complete command of this language with perfect grammar.
- Brazilian Portuguese: Basic, i am only able to communicate in this language through written communication.
